

Some of the measurements of some right triangles are given in the table below. Fill in the chart with the missing measurements for each right triangle. You may want to draw them on graph paper.

Length (base)	Width (height)	Area
5 cm	4 cm	
10 cm	8 cm	
4 cm		8 cm^2
6 cm		15 cm^2
	7 cm	21 cm^2
	10 cm	25 cm^2

How did you find the missing measurements?
