

Let's Go for a Walk

Let's go for a walk.

It is a very nice day.

It's a nice day to go for a walk.

While you and I walk we can also talk.

I always find it is better to talk,

When I am going for a walk.

It is a sunny day and the sky is blue,

It's good to be here with you.

It's the kind of day that looks like it will never end.

It's good to be with you, my friend.

And I always find it better to talk,

When I am going for a walk.

Let's walk here and let's walk there.

We'll talk about this and we'll talk about that.

Maybe we'll solve a problem or two.

Maybe we'll wind up with a hole in one shoe.

Let's go for a walk.

It is a very beautiful day.

It is a nice day to go for a walk.

While you and I walk we can also talk.
