

Where Did You Go This Morning?

Where did you go this morning?

What did you do this morning?

Where were you this morning?

I was awake at five.

I left the house before six.

And I was first in line.

First in line, what do you mean?

What do you mean, first in line?

Where did you go this morning?

What did you do this morning?

Where were you this morning?

There were many people.

There was a long line.

There was a long line of people.

And I was first in line.

First in line, what do you mean?

What do you mean, first in line?

I was first in line to vote.

I was the first person in line.

There was a long line of people.

A long line of people who wanted to vote.

And I was first in line.
