

### **Did You Ride in a Car?**

Did you ride in a car?

Did you take the train?

Did you travel by bus?

Did you come by plane?

*I did not ride in a car.*

*I didn't take the train.*

*I did not travel by bus.*

*I didn't come by plane.*

How did you travel all the way from there?

How did you travel all the way here?

*I walked all the way,*

*One step at a time.*

*I walked all the way,*

*One step at a time.*

*There is one thing that you should know,*

*Walking is the best way to go.*

### **My Feet Hurt**

My feet hurt, my left and my right.

It's because these shoes are way too tight.

Look mister, I've got a blister, or two.

That's what you get, I bet,

When your foot doesn't fit inside your shoe.
