

Too Many Bills

Today is the first day of the month.

It is the first day of the month today.

Today I have to pay my rent.

The rent is due today.

I pay the rent so that we have a place to live.

But I have too many bills.

I have too many bills to pay.

Today I went to the supermarket.

I went to the supermarket today.

Today I shopped for my family.

I did my grocery shopping today.

I shop so that we have food to eat.

But I have too many bills.

I have too many bills to pay.

Today I looked at the mail in my mailbox.

I looked at my mail today.

There was the gas bill, the electric bill, the water bill and the cable bill.

I could not believe how many bills there were.

The gas bill, the electric bill, the water bill and the cable bill.

I have too many bills.

Too many bills to pay.
