

It's an Emergency

Hi, are you alright?
Are you feeling okay?
Can I help you?

*No, I'm not alright.
I don't know what's going on.
I have this pain in my chest.
And I can't catch my breath.*

Okay, let me help you please.
I think you should sit down.
And just try to catch your breath.
I will call for help.
What is your name and how old are you?

*My name is Luis.
I am sixty years old.
Do you think I need an ambulance?
I think I will be okay.*

Yes, I think we should call an ambulance.
It is better to be safe.
Now, please try not to speak.
And just try to catch your breath.

911.

What is your emergency?

There is a man here with chest pain.
He is having some trouble breathing.
I think he needs help.

Tell me where you are and I will send help right away.
