

## **I Wish You Would Wash the Car**

Yesterday she said to me,

*I wish you would wash the car.*

*I wish you would wash the car.*

She said to me,

*The car is very dirty.*

*The car is very muddy.*

*The car is covered with dirt and mud.*

She said,

*I wish you would wash the car.*

*I wish you would wash the car.*

I do not like washing the car.

Washing the car is not fun.

But, but, but , but...

She wishes I would wash the car,

She wishes I would wash the car.

So, today I am washing the car.

I am washing the car today.

I am doing what she wishes for me to do.

Today I am doing what she wishes for me to do.

She wishes I would wash the car.

I am washing the car today.

Today I am washing the car.
