

Moving Day

The house was old.

But the apartment was large.

It was up on the second floor.

We took everything through the front door.

We carried the chairs.

And the table too.

Up to the second floor.

We took everything through the front door.

We carried the couch,

And the lamps, and the bed, and some books,

Up to the second floor.

We took everything through the front door.

We carried the T.V. and a washing machine

And boxes and boxes of clothes,

And we climbed to the second floor.

We took everything through the front door.

We carried the dishes and the pots and the pans,

We lifted and carried a refrigerator too

And climbed up to the second floor.

We took everything through the front door.

The day was quite long.

The day was quite hard.

Up and down, up and down, up and down,

Up to the second floor.

We took everything through the front door.
