

## **The Toothache**

I have this pain and it won't go away.

I've had this pain all night and all day.

It starts in my chin and goes up to the top of my head.

And if only I could sleep then I would go back to bed.

I have a toothache.

I wish that someone would take,

All of this pain away,

Far away, far away.

It's worse than a headache.

I have a toothache.

And it's no piece of cake.

Last night I thought my mouth would just break,

Because all night long I just lay awake.

The pain was stronger than an earthquake.

It was something that I just couldn't shake.

I have a toothache.

I wish that someone would take

All this pain away,

Far away, far away

It's worse than a headache

I have a toothache.

And it's no piece of cake.
