

I See America Working

I see America working.

I see America working each and every day.

I see the bus driver driving his bus.

I see the mechanic fixing the car.

I see the carpenter building the house.

I see the painter painting the house.

I see America working.

I see America working each and every day.

The police officer directs traffic.

The mail carrier delivers the mail.

The teachers teach their students.

The fire fighters rush to the fire.

I see America working.

I see America working each and every day.

The grocery worker stocks the shelves.

The nurse takes care of her patient.

The janitor cleans the building.

The baby-sitter walks the child.

I see America working.

I see America working each and every day.

Everyone is busy and everyone is helping.

Everyone is busy and everyone is helping each and every day.
