

My Interview

I have a new pair of shoes.

And a new pair of pants.

I'm wearing a tie and a jacket.

And I have a fresh new haircut.

I think I look good from top to bottom.

I think I'm ready, ready for my job interview.

The boss is going to talk.

He's going to ask a lot of questions.

But I know how to answer.

I know just what to say.

And the boss will see that I'm ready.

I'm ready for my job interview.

Now listen to my plan.

I'm going to get there a little early.

I won't be in a rush.

And I won't have to worry.

I hope to get this job

Because I think I'm ready.

I'm ready for my job interview.
