

The Last Time

When was the last time you sang a song?

If you can't remember, it's been too long.

So come with me, you can't go wrong,

To where the music is playing and everyone sings along.

Down past the corner at the end of the street

That's the place where we all meet.

On the stage the lights are bright

And there's a band that can play all night.

When was the last time you sang a song?

If you can't remember, it's been too long.

That band on the stage gets the place thumping

With everyone on the floor dancing and jumping.

There's a great big man who plays the piano

And a little old timer who strums a banjo.

They've got a drummer, a guitar player, and a singer

Talk to your wife and you can bring her.

To where the music is playing and everyone sings along.

When was the last time you sang a song?
