

The Road Was Long

The night was dark.

And the air was cold.

The road was wet.

And the road was long.

His car was old and the radio was on.

He drove all alone and he sang a song.

All night it was dark.

All night it was cold.

And the road was wet.

And the road was long.

He drove the old car with the radio on.

He drove the old car and he sang an old song.

He made it home just before light.

He made it home at the end of the night.

The air was cold.

And it was dark all night.

But he made it home.

And that was alright.

You're Here

You're here, that's great.

We've been waiting so long.

How was your trip? How was the drive? Did it take long?

We've been waiting so long but now you're here.

It's great that you're here. We waited so long.
