

Books Everywhere

There are books in the closet.

There are books on the floor.

There are books near the window,

There are books by the door.

There are books on the stairs.

There are books stacked high along the wall.

And books on top of the chair.

All over this room, there are books everywhere.

When Does Class Begin?

When does class begin?

Can you tell me, when does class begin?

Class begins at five-thirty.

Class begins on Tuesday.

Class begins the first week in October.

At five-thirty, on Tuesday, in October.

On Tuesday, in October, at five-thirty.

At five-thirty, on Tuesday, in October.

When does class begin?

Class begins the first week of October, on Tuesday, at five-thirty.

We hope to see you then.

We hope to see you when class begins.

I will be there.

I'll see you then, when class begins.
