

Will I Ever Learn English?

There are so many words.

And so many sounds.

It has to be the hardest thing,

That I've ever found.

Will I ever learn English?

I listen and I read.

I write and I speak.

But there's always something new,

Each and every week.

Will I ever learn English?

Now you are getting better each and every day.

You might not notice but I do.

Your English is improving, indeed it is.

Now when I hear it, I understand you.

Will I ever learn English?

You already are.

Will I ever learn English?

Soon you will be a superstar.
