Tax Preparation – Checklist

What do I need to file my taxes?

The documents you need for tax prep depend on your situation. To help you prepare for your tax appointment or for filing your own taxes, we've created a checklist to help you know what forms to bring.

Personal Information

Tax Identification Numbers are mandatory items on your checklist. All taxpayers will need the following to do their taxes.

- Your social security number or tax ID number
- Your spouse's full name, social security number or tax ID number, and date of birth
- Identity Protection PIN, if one has been issued to you, your spouse, or your dependent by the IRS
- Routing and account numbers to receive your refund by direct deposit or pay your balance due if you choose
- Foreign reporting and residency information - if applicable

Dependent(s) Information

Parents and caregivers should gather this information as they review what they need to file their taxes.

- Dates of birth and social security numbers or tax ID numbers
- Childcare records (including the provider's tax ID number) if applicable
- Income of dependents and of other adults in your home
- Form 8332 showing that the child's custodial parent is releasing their right to claim a child to you, the noncustodial parent (if applicable)

Sources of Income

Many of these forms won't be needed to file taxes every year. For example, you will only receive the investment forms you may need to file your taxes if you had distributions or other activity.

Employed

- Forms W-2

Unemployed

- Unemployment (1099-G)

Self-Employed

- Forms 1099, Schedules K-1, income records to verify amounts not reported on 1099-MISC or 1099-NEC
- Records of all expenses — check registers or credit card statements, and receipts
- Business-use asset information (cost, date placed in service, etc.) for depreciation
- Office in home information, if applicable
- Record of estimated tax payments made (Form 1040-ES)

Income and payroll taxes: understanding pay stubs

Directions

Knowing the difference between gross and net pay is the key to understanding your pay stub.

- ▶ **Gross pay** is the money you earned before paying taxes and other deductions.
- ▶ **Net pay**, also known as take-home pay, is the money you're left with after deductions are taken out.

Income and payroll taxes: understanding pay stubs

Look at Carmen's pay stub. Carmen lives in a state without state income tax.

Employee	Pay period	
Carmen Ellis	January 5-11	
Total earnings		\$759.00
Federal income tax	\$87.40	
Other taxes	\$58.06	
Total taxes		?
Pay after taxes		?

How much did Carmen make after taxes?
